A heartwarming new chapter
in the Territory Story

Crossing the Divide

The story of Somerville Community
Services

a book for everyone
who cares about their community

Crossing the Divide

In 1942 Margaret Somerville led 95 children to safety, from Croker Island to Sydney, as enemy forces approached northern Australia. They Crossed the Continent.

In 1965, Margaret's example inspired the creation of Somerville Homes, now Somerville Community Services Inc. 'Somerville' exists to make all Territory lives better - to help people who need a hand, to help make the Territory a better place.

Somerville helps people Cross the Divide, the divide between disadvantage and advantage.

Honouring Our Past, Inspiring Our Futures

(Homage to the past - inspiration for the future)

This is a book for all Australians, telling a story of compassion and commitment through fifty years, woven through the unique Northern Territory context - where so many circumstances mean that 'it's different up here.'

Acclaimed Territory authors Peter and Sheila Forrest present a comprehensive and well illustrated account of Somerville's work to provide hope and support for people who need it, so that everyone can lead better lives.

A generous book you will be proud to own - 144 pages, hard cover with full wrap around dust jacket.
